

Microscopic X Condensed

Microscopic X Condensed is a font inspired by GOTHIC NO. 3, a typeface featured in the Barnhart Brothers & Spindler Typeface specimen, published in the US c. 1908. Late in our design process, we discovered lighter weights issued by other foundries (Lanston Monotype and Keystone Type Foundry in Philadelphia), which convinced us to expand our original single-style font into a small family consisting of 5 Roman weights. Its distinctive appearance and clarity in small point sizes suggested the name Microscopic X Condensed. The source typeface is an inspired amalgamation of styles, mixing square and soft shapes. The almost ‘mechanically’ constructed lowercase has intriguing and highly original ‘pinched’ bowls attached to the stems of the b, d, g, p, and q, among other fine details. The uppercase letters fit the somewhat traditional Grotesque design pattern.

This specimen is for evaluation purposes only – not for commercial publication. All fonts, including images and illustrations, are the intellectual property of A2-TYPE unless otherwise stated.

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source. Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of “de Finibus Bonorum et Malorum” (The Extremes of Good and Evil) by Cicero, written in 45 BC. This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, “Lorem ipsum dolor sit amet”, comes from a line in section 1.10.32. The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from “de Finibus Bonorum et Malorum” by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham. It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using ‘Content here, content here’, making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for ‘lorem ipsum’ will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like). There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don’t look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn’t anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words etc. Text from line

sections 1.10.32 and 1.10.33 of “de Finibus Bonorum et Malorum” (The Extremes of Good and Evil) by Cicero, written in 45 BC. The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1.10.33 from “de Finibus Bonorum et Malorum” by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H. Rackham. It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using ‘Content here, content here’, making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for ‘lorem ipsum’ will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like). There are many variations of passages of Lorem Ipsum available, but the majority have suffered alteration in some form, by injected humour, or randomised words which don’t look even slightly believable. If you are going to use a passage of Lorem Ipsum, you need to be sure there isn’t anything embarrassing hidden in the middle of text. All the Lorem Ipsum generators on the Internet tend to repeat predefined chunks as necessary, making this the first true generator on the Internet. It uses a dictionary of over 200 Latin words, combined with a handful of model sentence structures, to generate Lorem Ipsum which looks reasonable. The generated Lorem Ipsum is therefore always free from repetition, injected humour, or non-characteristic words. Contrary to popular belief, Lorem Ipsum is not simply random text. Microscopic is a font inspired by GOTHIC NO. 3, a typeface featured in the Barnhart Brothers & Spindler Typeface specimen, published in the US c. 1908. Late in our design process, we discovered lighter weights issued by other foundries (Lanston Monotype and Keystone Type Foundry in Philadelphia), which convinced us to expand our original single-style font into a small family consisting of 5 Roman weights. Its distinctive appearance and clarity in small point sizes suggested the name Microscopic. The source typeface is an inspired amalgamation of styles, mixing square and soft shapes. The almost 'mechanically' constructed lowercase has intriguing and highly original 'pinched' bowls attached to the stems of the b, d, g, p, and q, among other fine details. The uppercase letters fit the somewhat traditional Grotesque design pattern.
